

PRCC Annual Stakeholder Meeting: EV Committee Update

June 18, 2026

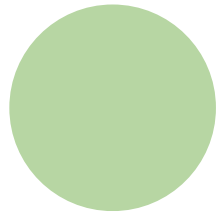

PRCC EV Committee Mission Statement

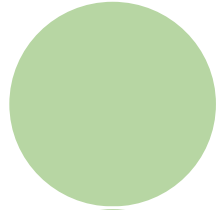

The PRCC EV Committee will encourage the adoption of electric passenger and goods transportation and the equitable deployment of charging infrastructure in Western Pennsylvania.

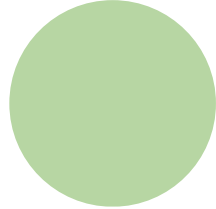

PRCC EV Committee Objectives

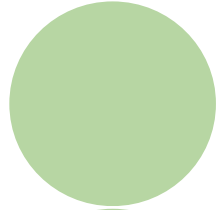

Communicate regularly about EV developments and opportunities.

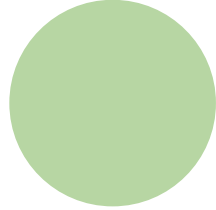

Advocate as a coalition for EV-supportive policies, programs, and funding.

Encourage equity in terms of geography, use-case, population, ability, and other diversity factors.

Serve as an advisor to PRCC Coordinator on EV issues.

Align with and draw upon federal, state, and local transportation electrification policy objectives.
